Please let us know, for all three of your choices, what programme or which courses you'd wish to follow. In most cases, you can find a course catalogue on the website of the university. If this information is available, make sure you write down per course/programme how many credits you'll receive.

To see which partners are available for your study programme, go to:
https://han.moveon4.com/publisher/5/eng

Universities underline outside the EU/EER use a different credits system than the one HAN uses. To obtain 30 HAN EC's you will have to follow courses for 15 credits in America, Canada, China and Hong-Kong. In Australia 40 credit equals 30 HAN EC's.
